

“Everyone has calling, ours is helping you.” This is a tag line we often use in PRC materials. We are here to help you and your congregation. Are you taking full advantage of the help we have to offer?

Coaching is an ‘in’ word today in both the business and the church world. It is a growing trend for leaders to hire coaches. **The PRC has been coaching church leaders for 34 years!** We call it consulting, but what we really do is coaching. Our consultants come along side of you, ask about your needs, raise questions, discuss ideas, and then connect you to resources that help you accomplish your goal. With your subscription to the PRC you have **unlimited** access to our consultants/coaches.

A new feature this year for subscribing churches is that our consultants will come to your congregation to meet with your committees and church leaders. This can be a general consultation to discuss specific issues with a committee such as ideas for children’s ministry. Our consultants can also come and lead a mini workshop (1 ½ hours) as part of your subscription. These mini- workshops include:

- ✓ Lay Visitation Training for Hospital and Home
- ✓ Get Ready, Get Set, Teach (Motivation and support for teachers; room, lesson, & self preparation)
- ✓ The Art of Discipline (Establishing guide lines of appropriate behavior)
- ✓ Praying in Color (Introducing Children to prayer)
- ✓ Music and Blended Worship
- ✓ Spark Up Your Service with Global Music
- ✓ Children’s Time in Worship
- ✓ Mission, Vision, Values
- ✓ A Way to Pray—Introduction to Various Prayer Forms
- ✓ Dealing with Conflict & Differences
- ✓ *We will design a mini workshop to meet you needs!*

We will assist in planning a half day or full day workshop for your church council or leadership team. Dr. Loughery is also available for strategic planning. While these workshops are an additional fee for service, as a subscribing congregation it is at a substantially reduced rate.

We are here to help you. Even with that *last minute* request for help! Please call or email the PRC today at these numbers and addresses:
