For Persons with Mental Retardation and Developmental Disabilities

Building on the Rock: Preparing for First Communion and Confirmation

Available from the Bethesda Lutheran Homes and Services:

This curriculum offers a structure to support the First Communion process and Confirmation instruction for people with intellectual and developmental disabilities. Building on the Rock is designed to offer people with developmental disabilities the opportunity to become a participating member of the church.

46 lesson plans, one set of concept cards, five sets of student leaflets

What Christians Believe: Confirmation Studies for Persons with Mental Retardation and Developmental Disabilities

By George C. Anderson and the Briarwood Task Force for Handicapped Ministries:

The good news of Jesus Christ is for everyone! So why are there so few educational offerings to instruct people with mental retardation and developmental disabilities in Christian doctrines? This need for biblically sound confirmation curriculum has finally been met with What Christians Believe: Confirmation Studies for Persons with Mental Retardation and Developmental Disabilities. In this nondenominational lesson series, Dr. Anderson explains how to teach the basic tenets of the Christian faith in a clear, meaningful way. The lessons use a variety of hands-on activities for students to learn about God's love; Jesus' life, death and resurrection; the Bible; Baptism; Communion; and Christian living.

Available from Cokesbury and the Presbyterian Church USA.
